

ModelInterface

```
graph BT; Model[Model] --> ModelInterface[ModelInterface];
```

A UML class diagram illustrating an inheritance or realization relationship. At the top is a white rectangular box labeled "ModelInterface". Below it is a gray rectangular box labeled "Model". A solid blue arrow points vertically from the top of the "Model" box to the bottom of the "ModelInterface" box, indicating that the "Model" class implements or inherits from the "ModelInterface".
